Youth Protection Training: Cub Scout – Overnight Exception

Cub Scout parents or legal guardians taking part in an overnight Cub Scout program with their own child or legal ward are not required to register as leaders. All adults must review the “How to Protect your Children from Child Abuse: A Parent’s Guide” that can be found in the front of each Cub Scout Handbook. In addition, the parent or legal guardian must be accompanied by a registered leader at any time they are with youth members other than their own child/ward. All other overnight adults must be currently registered in an adult fee required position.

Annual Health and Medical Record: Forms A and B

For any and all Scouting activities, all participants must complete Part A and Part B (both pages). “All participants” includes parents, guardians, siblings, youth, staff, and unit leaders. Though Part C is only required for participation in events lasting longer than 72 hours, all Boy Scouts of America participants are encouraged to complete this pre-participation physical during an annual exam performed by a licensed health-care provider.

Release and Indemnity/Hold-Harmless agreement

All adults must complete the agreement (attached in this parent’s guide). Your children may be listed on one of the parent’s form. It must be completed and ready to turn in when you check in to camp.
